## ACCESSORY II: Swimming pools system

Install the burner in the floating fireplace (Fig.2)

Then using this type of node to connect the two rear hubs (Fig.3)

System for setting in grass (Fig.4)

System for setting in rough ground (Fig.5)

Unroll the two rear hub and then fix in the both sides of the pool in the axis chosen (Roll/Unroll the Button power.)

Then fixing the systems on floor (according the most suitable material);

- In the grass you must stick;

- In ground like woods or concrete you must use the screws provided;

Put the fireplace in the pool and rewind the rear hubs to immobilize the fireplace in the middle of the pool. This adjustment also is used to fill the fireplace.
