A new way to "feel" the ambiance of fireplaces.

Featuring the most advanced and innovative 3D eco-friendly technology the new 3D Electric Fireplaces ensure a simple and safe use by applying an efficient operability of a water vapour release system.

The inner works of the 3D combines the latest technologies such as LEDS embedded in the decorative wood and a water vapour generator to simulate smoke. Added to a set of energy saving halogen bulbs, the system constantly regulates the intensity of the lights to the emission of the water vapour and delivers an amazing virtual flame that looks and feels remarkably realistic at any distance, a realistic aspect of real wood fireplace.

Accessories//Remote control

Capacity of tank// 1,1 liter ( filtered water)

Autonomy// 8 hours

Voltage// 220/240 V

Frequency// 50 Hz

Supply Cord// Schuko CEE (pag. 3)

Flame effect// Adjustable

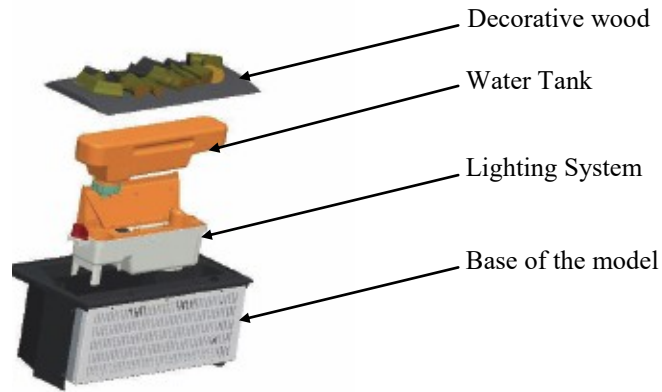

Heating//No

Lamps// 4 x 50W Xenon Amber

## Components:

## Remote Control:

- 1 Display Screen
- 2 'Menu' Button
- 3 'Back' Button
- 4 'Advance' Button
- 5 'Up and Down' Arrows
- 6 'Enter' Button

## Remote control features:

- Switching on the appliance;
- Adjust the flame setting;
- Setting the data and time;
- Getting the desired flame effect.

# Kit Glamm 3D/3D S/3D II

Since it utilizes simple elements such as light and water, the 3D is not only completely safe to those around it but is also environmentally friendly. With a hidden recipient capable of holding up to 1,1 lt. of filtered water the 3D has an autonomy of 8 hours of unattended operation offering the experience of a real fireplace with a minimum energy consumption and total safety.

The 3D Electric Fireplaces can be integrated into virtually any environment (room, bedroom, kitchen, bathroom, etc.) or directly in different types of structures (eg.: furniture or masonry). And since the system is totally safe for its users they are increasingly becoming part of projects led by architects, decorators and interior designers.

As ideal solution for public spaces the 3D has the added value of presenting itself as an eco-friendly product that does not contribute to the waste of energy nor harms the environment.

## Dimensions:

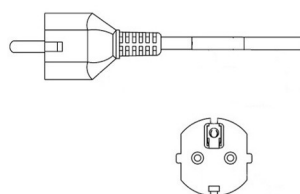

Model	A	B	C	Weight
Kit Glamm 3D	407 mm	176 mm	220 mm	4 kg
Kit Glamm 3D S	407 mm	176 mm	220 mm	4 kg
Kit Glamm 3D II	607 mm	176 mm	220 mm	6 kg
